RE: The Janitors' Answer®

The Janitors' Answer® is formulated from the alkaline water produced by the WRJ-Ag-ROX-02 electrolyzed oxidizing water equipment and meets the following standards and regulations:

- **FDA** – Meets all U.S. Food and Drug Administration regulations as Generally Regarded As Safe (GRAS.)
- **EPA** – Meets U.S. Environmental Protection Agency National Primary and Secondary Drinking Water Regulations. Meets U.S. EPA Office of Air Quality Planning and Standards Regulations.
- **USDA** – Meets U.S. Department of Agriculture regulations as Generally Regarded As Safe (GRAS.)
- **OSHA** – Meets U.S. Department of Labor Occupational Safety & Health Administration Regulations.
- **DOT** – Contains no substances that require placards during transport under U.S. Department of Transportation regulations.
- **CALIFORNIA Proposition 65** – Contains no substances listed under the California Safe Drinking Water and Toxic Enforcement Act of 1986 and updated to February 5, 2010.
- **NOP** – Meets the standards required for use in producing products certified under the National Organic Product program.
- **OMRI** – Listed by the Organic Materials Review Institute for use in certified Organic® production. OMRI has USDA accreditation under the International Organization of Standardization Guide 65:1996 (ISO-65) for its use of National Organic Regulations as its standards to certify input products.
